ONTARIO MUNICIPAL DATA PROCESSING DIRECTORY

FOREWORD

The research leading to the publication "Using Computers", identified the need for a **ready reference** that would enable people to find answers quickly to questions such as:

- Which municipalities have application 'X' on-line?
- Who uses Model V of the ZZZ computer?
- What applications does municipality 'Q' have computerized?
- Is anybody presently working on system 'A'?

This directory is designed to give answers.

The project was undertaken by the Ministry of Municipal Affairs and Housing in partnership with the Municipal Information Systems Association (M.I.S.A.).

The project's co-ordinator was Dennis Steen of the Ministry's Municipal Administration Unit and author of "Using Computers". Fortunately, Ben Cramer, who was not only chairman of M.I.S.A. but also the Director of Computer Services for the City of Toronto, made available the city's computer facilities.

The system development and data collection was the responsibility of the Applications Committee of M.I.S.A., consisting of;

- Graham Reading - Borough of Scarborough
- Paul Leclerc - City of Toronto
- Dennis Steen - Province of Ontario

Additionally, thanks are due to the many support people in both organizations, too numerous to name individually here. However, we would be remiss not to mention the yeoman efforts of two students, Kathy LeClerc and Stephen Kuo, who were responsible for the bulk of the data input and programming.

The directory is only as good as its contents. All who use the directory must thank the hundreds of municipal people who responded to the surveys and requests for information about their EDP operations.

ONTARIO MUNICIPAL DATA PROCESSING DIRECTORY

INTRODUCTION

This directory was designed to provide a ready reference on municipal hardware, software, applications and operations.

The major users will be:

- Municipal staff who want to find other municipalities that have a specific application, such as encumbrance accounting or computer mapping, under development,
- Municipal people who are about to enter the world of computers or who want to upgrade their installations and who need to know about equipment and uses in other municipalities,
- Researchers, administrators or others with interests in trends, growth patterns, common systems and other elements of the EDP environment in local government.

Currently, the municipal data processing directory contains;

- an index of every municipality in Ontario, listed alphabetically
- a cross-reference of computer applications
- information about data-processing facilities in each municipality
- update and order forms

Future editions of the directory that would include updated information and special sections will be considered.

HOW TO USE THE DIRECTORY

1. Information on Applications

If you want to know more about a specific application (job done by the computer) the first step is to look in the **Cross Reference** section of the directory. This will give you names of municipalities that have that application, either in operation or under development. Next, go to the **Index** and you will find the page number for each municipality. Then, proceed to the **Directory** for detailed information.

Example: You are interested in a "Street Inventory" application. The **Cross Reference** shows the City of Toronto under that heading, and the **Index** points you to page 20 of the **Directory** for details. However, under the heading "Inventory - Street", the **Cross Reference** shows the City of Kitchener. This means that the Kitchener system has an inventory system as a major application with the street inventory as one of its sub-systems. Other municipalities could identify the same application in other ways.

2. Information about Municipal Data Processing

You may wish to find out about the type of computer systems in a number of Ontario municipalities. Just look up their names in the **Index** and check the referenced pages for the information you desire.

If you are interested in information according to type or class of municipality, the **Index** is in alphabetical order, thus grouping municipalities - i.e., townships, cities, counties, etc.

3. Updating Your listing

Information about any municipality can be updated because each has its own record in the computer. If you wish to **add, delete, change** or **replace** existing data, contact any member of the MISA Applications Committee.

You will need to supply your name, the municipality's name and MISA reference number (see **Index**). All updates must be in writing to ensure that changes to municipal data is done only at the request of authorized personnel. Appendix A is the update form presently in use.

4. Current Information

The directory is computerized and one of the major features of the system is the use of terminals for enquiry and update. Thus, even after the printed directory becomes obsolete, you may obtain the most up-to-date data on the file by contacting:

Municipal Administration Unit

UPDATE FORM

To: MISA Applications Committee,
 c/o Dennis Steen,
 Ministry of Municipal Affairs and Housing
 3rd Floor - Mowat Block
 Queen's Park, Toronto M7A 1C2

Date: _____

Municipality Name _____ No. _____

Here are the items that are new or changes that I wish to make to the file on my municipality. I have indicated "A" for **ADDITION** and "R" for **REPLACEMENT** of data.

1. Municipal Name Change: _____ (R)

2. Name of Contact: _____

3. Equipment: Main Computer Vendor _____ Model _____

C.P.U. _____ Memory _____

Description: _____

Terminals _____

Printers _____

4. Applications

Major Name	Sub-system	Date	Under Development	On-Line?	Language or
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____

5. **SECONDARY FACILITIES** (word processing, micro-computers, stand-alone terminals, etc.)

a) Hardware: (Give information on each of above similar to item 3.)

b) Applications (Information required as in item 4.)

6. SOFTWARE:

- a) Programming Languages Used _____
- b) Systems Software _____
- c) Packages Used _____

7. Memberships: MISA ___ ASM ___ CIPS ___ DPMA ___ URISA ___ OTHER ___

8. Other information or comments

9. Submitted by: Name _____ Title _____
Telephone Number _____

M. I. S. A.

This directory was the result of a co-operative effort between the Ministry of Municipal Affairs and Housing and the Municipal Information Systems Association.

MISA is an organization consisting almost entirely of systems/data-processing professionals in local-governments, that is, people who are working in, or are directly responsible for, systems and data-processing functions.

Full membership is open to any municipal or other local-government elected or appointed official in Ontario.

Associate membership is available to persons other than vendors who have an interest in the aims and goals of MISA, which are:

1. To provide effective use of Information Technology in all areas of local government.
2. To provide a Forum for the interchange of ideas, and the development of standards, in local-government data processing.
3. To develop broader understanding and a strong communications link between Municipal Administrators and the Data Processing people who serve them.
4. To act in an advisory capacity on information technology to administrators.

Membership is generally in the name of the organization to which the individual belongs, with the individual representing his organization.

For more information, or to apply for membership (annual municipal fee as of 1981-82 \$35.00), simply write to any member of the MISA Executive, or to the Ministry representative, or use the form below.

Chairman:	Bob Perry, Region of Peel
Past Chairman:	Ben Cramer, City of Toronto
Vice-Chairman:	Bob McKean, City of Mississauga
Secretary:	Keith Hall, City of Burlington
Treasurer:	Graeme Reading, Borough of Scarborough
Conference Chairman:	Brian Mundy, City of Kitchener
Provincial Representative:	Dennis Steen

___ I want to become a member of MISA. Here is my update form containing information about my local-government systems.

___ I am interested in MISA but would like more information.

___ I am not eligible/in a position to join MISA, but please send me information about publications, meetings and other activities.

___ Please send me information about your 1982 conference in Kitchener this September.

Date _____ Name _____

Tel. No. _____ Title _____

Address: _____

Appendix C

ORDER FORM

DIRECTORY and/or Supplements

1. Please send additional copies of this directory as indicated below. I have enclosed a cheque or money order made out to the

RECEIVER GENERAL OF ONTARIO in the amount of \$ _____

This covers ____ copies of the Directory at \$6.00 each.

Name _____

Title: _____

Organization Name: _____

Address: _____

2. Please send me information on:

- Supplements and additions to the directory
- Other Municipal Operations Division publications
- Other Ministry publications

Address if other than above: _____

Date _____ Signature _____
